Early education needs to start with the right tools, and our English worksheet for nursery class are designed to make learning fun, engaging and effective. These worksheets help young children build a strong foundation in reading, writing, phonics and vocabulary. Whether you are a parent teaching your child at home or a teacher guiding a nursery class, these resources are perfect for daily practice.This printable worksheet includes a variety of activities like alphabet tracing, phoneme recognition, picture matching, and simple word building. Each worksheet is designed with colorful visuals and interactive formats to keep the interest of little learners. These worksheets are ideal for preschool, LKG, and UKG children aged 3 to 5 years.If you are looking for high-quality, free, and premium English worksheets for nursery class students, you are in the right place. On this page, you will find a wide variety of PDF worksheets optimized for nursery-level education. From A to Z alphabet to phonics, antonyms, rhyming words, and CVC practice – everything is structured to support your child's English language journey right from the start.English worksheets play a vital role in developing early literacy and language habits in nursery level children. At this age, children are naturally curious, and structured worksheets give them a fun way to explore language through visuals, repetition, and guided activities.These worksheets help children recognize numbers and alphabets, understand phonetic sounds, build simple vocabulary, and improve hand-eye coordination through tracing and matching tasks. Using attractive illustrations and playful exercises, children learn while enjoying the process – leading to faster retention and stronger language skills.For parents and teachers, English worksheets provide a consistent and measurable way to teach basic concepts at home or school. Whether it's identifying the letter 'a' or completing a CVC word like "cat," these small activities make a big difference when practiced regularly.Our nursery English worksheets cover a wide range of early learning topics, designed to develop your child's basic skills in a fun and engaging way. From alphabet tracing and phonics practice to picture matching and CVC word building, each worksheet is carefully designed for preschool-level understanding.Along with the English topics, we've also included some number worksheets such as number tracing, counting objects, and matching numbers to quantities – which are essential for developing early math concepts.Explore the worksheet types below along with sample images and download links to start your child's learning journey today.Line tracing is one of the first steps in developing fine motor skills and pencil control in young children. Our line tracing worksheets for nursery include straight lines, curves, zig-zags and pattern tracing activities that help children strengthen their hand movements before they start writing letters and numbers. Alphabet tracing is one of the most effective ways to help nursery kids learn the letters A to Z. Our alphabet tracing worksheets are designed with dotted lines, directional arrows, and cute illustrations to make letter formation fun and easy. Children can practice both uppercase and lowercase letters, improve pencil grip, and build early writing confidence through these engaging PDF worksheets. Our alphabet activity worksheets for nursery include fun-filled exercises like matching uppercase to lowercase letters, filling missing alphabets, and identifying letters through pictures. These activities help kids develop letter recognition, sequencing, and memory skills in an interactive way. Perfect for kids who have started basic tracing and are ready to apply their learning through engaging games and tasks. Help your child learn to write numbers with our numbers tracing worksheets for kids. These worksheets include tracing numbers from 1 to 10, dotted number guides, and counting-based illustrations. Perfect for developing number recognition, pencil control, and early math confidence. These tracing activities also prepare kids for basic counting and number sequencing skills in a fun, visual way. Our before and after number worksheets for nursery help children understand number order and develop number sense in a simple and visual way. These worksheets include activities where kids identify the missing number that comes before or after a given number – perfect for practicing counting, logic building, and number sequencing. Take your child's education a step further with our alphabet words tracing worksheets for nursery class. These worksheets go beyond single-letter tracing and help children trace full words such as A for apple, B for ball, and Z for zebra. This builds both alphabet knowledge and early vocabulary, while continuing to improve handwriting skills through structured practice. These simple word tracing worksheets help children take their first steps towards reading and writing real words. Children learn to trace easy 2-letter and 3-letter words like cat, sun, pen, bat, and more and improve their vocabulary and word building skills. Rhyming words help children recognise patterns in sound and strengthen their listening skills and are an important step in learning to read. Our worksheets are designed with fun pictures where children match similar sounding words, such as cat-bat, sun-fun and dog-log. CVC (Consonant-Vowel-Consonant) words like cat, sun, pen, dog are the foundation of early phonics learning. Our CVC word worksheets help nursery children practise reading and writing simple 3-letter words using short vowels. These worksheets include read and match, trace and write, and picture-based word recognition activities. Our worksheets help children recognize letter order and develop early spelling skills in a fun way. In these activities, children are given jumbled letters (e.g. C-A-T is shown as T-A-C) and must rearrange them to form the correct word. Our word related worksheets help children understand how two small words can combine to make a new word – like sun + flower = sunflower or cup + cake = cupcake. These worksheets make vocabulary building fun and visual by using picture clues, matching exercises, and word-linking activities. Learning about basic shapes is considered an important part of early childhood education. Our shapes worksheets for nursery introduce children to common shapes like circle, square, triangle, rectangle, oval through fun and engaging activities. These worksheets include shape matching, tracing, colouring and recognition activities that improve visual recognition, and vocabulary in young learners. Introduce your little one to the world of colours with our bright and attractive colour worksheets for nursery. These worksheets help children recognise basic colours such as red, blue, green, yellow, black, white and others through colouring, matching and identification activities. Help your child learn about himself with our easy and engaging body parts worksheets for nursery. These worksheets introduce children to basic body parts such as eyes, ears, nose, hands, feet, and more, with activities such as labelling, coloring, matching, and pointing. Our fun animal worksheets for nursery help children recognise and name common animals through colouring, matching and recognition activities. From pets like dogs, cats and cows to wild animals like lions, elephants and tigers, these worksheets are perfect for introducing children to the animal kingdom. Let your child explore the beautiful world of birds with our fascinating bird worksheets. These worksheets include colouring, matching and identification activities that help children identify common birds like sparrows, pigeons, parrots, peacocks and ducks. Our drawing worksheets for nursery are designed to spark creativity in young minds, while also improving their fine motor skills. These worksheets include shapes, animals, fruits and more. Our Join the Dots worksheets for kids make learning numbers and shapes exciting through fun dot-to-dot activities. Kids connect the numbered dots to complete pictures of animals, objects and shapes – improving their counting skills, hand-eye coordination and pencil movement control. Introduce your child to basic math with simple addition and subtraction worksheets. These worksheets use fun visuals like counting objects, fingers, pictures, and number lines to make learning addition and subtraction easy and fun. Our sorting worksheets for nursery help children learn to group and organise objects by colour, size, shape or category. These worksheets include engaging activities such as sorting by colour, sorting large vs small, and sorting animals vs fruits, encouraging observation, logic and early math skills. Our pattern worksheets for nursery help children recognise and complete simple sequences using shapes, colours, objects and numbers. These worksheets include fun and visual activities such as completing the pattern, circling what comes next and filling in the missing item – which improves observation, concentration and early math reasoning. Telling time worksheets are a fun and visual way to help children understand how clocks work and how to read time. These beginner-friendly worksheets involve matching a clock to the time, drawing hands on a clock, and identifying morning versus night activities. With colorful analog clocks and real-life examples, children learn to recognize hours and build a sense of daily routine and time management - all through playful practice. Boost your child's problem-solving skills with our fun maze and puzzle worksheets. These fun activities include easy mazes, matching-path puzzles, and picture-based challenges that help develop concentration, orientation, and logical thinking.
